### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable for the same reasons that claims 1 and 3 of U.S. Patent No. 6,628,226 to Suzuki et al. (hereinafter, "Suzuki").

Additionally, the claim cites the requirement of "an insulating member for inhibiting direct current from passing through said insulating member" and an "electrically conductive housing [that] is connected to a vehicle body through at least said insulating member, [the] ground of [a] transmitting/receiving section and [a] signal processing section being electrically connected to at least said electrically conductive housing or [an] electrically conductive member." While claims 1 and 3 of Suzuki respectively teach these requirements, they do not teach the combination of the requirements as presented in claim 1 of the current application. Therefore, a double patenting rejection over Suzuki is not appropriate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian K Andrea whose telephone number is (703) 605-4245. The examiner can normally be reached on M-F 7:00-3:30.
